

google certified educator training

Level 1 Certification is for educators to learn the fundamentals of using Google tools in the classroom as well as standard technology implementation skills.

The self-paced course consists of 3 training modules on:

- Engaging in professional growth & leadership
- Increasing efficiency & save time
- Facilitating and inspiring student learning & creativity

After you finish these modules, you can practice through Unit Reviews with sample test questions! When you're ready, you can take the Certification Exam.

Exam FAQs:

- You must register for the exam through the 3rd party called Kryterion
- The Exam will be ready within 24 hours of when you register, you will then have 7 days to take the exam before your session expires
- You must take the test using the latest version of the Chrome browser
- Your device must have a web-cam.
- The exam takes approx. 180 min. and must be done in a single session
- If you don't pass, you can retake the test 14 days later, you can do a third try after 60 days
- Certification is valid for 24 months
- Costs \$10 (reimbursed with stipend)
- Certification can be used on your resume!
